Executive Administration

Dr. Michael G. Richards, Superintendent

Dr. Joy Blosser, Chief Academic Officer

April Howard, Chief Officer for Student Support

Shawn Printz, Chief Operating Officer

Tracy Shaver, Chief Financial Officer

Andrea Early, Director of School Nutrition

Kevin Perkins, Director of Technology

Sal Romero, Director of Equity and Community Engagement

Jeremy Weaver, Director of Human Resources

Kelly Lineweaver, Coordinator of Policy and Communication

Dear Harrisonburg Community,

My Proposed Fiscal Year 2024 Budget for Harrisonburg City Public Schools reflects continued commitment to high expectations, equity and academic excellence for all students while also addressing learning recovery after the pandemic and increasing teacher compensation to retain and attract the best talent for our students. The state budget is currently in the hands of the General Assembly (GA), which has not agreed on a final budget and is reconvening in April to continue to deliberate. The budget that I am proposing is based on the "skinny budget," or the budget that would be in effect if the Governor and GA make no changes to the original second year of the biennium budget – sometimes called the "caboose budget." Until the GA finishes deliberating and comes to an agreement and the Governor signs off on any amendments to the biennium budget, basing my budget on the biennium budget is the best way to approach the uncertainty we face.

For a second year, the HCPS budget is aligned with a strategic plan developed with broad participation of community stakeholders. The HCPS Strategic Plan maps out investments in academics, college and career readiness, equity, community engagement, student and staff wellness, and operational efficiencies. For each of the five years of the Strategic Plan, budget items will be aligned directly to action items in the Plan. Additionally, the budget ensures we are meeting all state and federal mandates including those related to class size requirements, Standards of Quality (SOQs), and providing programs and services to meet the needs of children with disabilities and English learners.

Harrisonburg City Public Schools is fortunate to have strong support from the School Board, City Council, and the public for its continuing effort to provide a quality education for all of Harrisonburg's students. From construction and maintenance of safe, welcoming facilities to innovating with engaging and meaningful programs to attracting and retaining talented staff, few communities in the Commonwealth enjoy the kind of Board and Council partnership and public support that Harrisonburg has enjoyed for many years. The commitment by all is to use taxpayer dollars responsibly to invest in the best possible way for our City's present and future. I firmly believe there is no wiser investment in the future than education.

Sincerely,
Michael G. Richards, Ed.D.

Organizational

Overview

Harrisonburg City Public Schools (HCPS) is organized to meet the instructional needs of its projected 6,686 students in grades prekindergarten (286) through grade 12 for the fiscal year 2024 (July 1, 2023 through June 30, 2024) and to effectively manage its facilities. In addition to the administration building and maintenance center, the school system is comprised of an early education center, family resource center, six elementary schools, two middle schools, and one high school. HCPS partners with Massanutten Technical Center (MTC), Massanutten Regional Governor's School (MRGS), and the Shenandoah Valley Regional Program (SVRP) to further its mission.

Harrisonburg City School Board Guiding Principles

These four principles guide the Harrisonburg City School Board through all decisions and conversations regarding the budget process, developing and approving policies, and advocacy efforts at the local, state, and federal levels:

1. Promote the delivery of a learning experience for every child so they want to come to school.
2. Foster mutually beneficial relationships between the school division and stakeholders.
3. Promote the development, attraction and retention of a highly qualified workforce that reflects our community.
4. Provide a high quality, modern, uncrowded learning environment for every child.

Budget Priorities

The Adopted budget priorities for fiscal year 2024 reflects the Superintendent and School Board's priorities to address accountability and student achievement; establish competitive salaries designed to attract and retain high-quality educators; provide operational funding to ease overcrowding in a growing school division; enhance technology initiatives to meet 21st century learning objectives; mitigate learning loss associated with COVID-19 pandemic; and support the division strategic plan.

Specific initiatives include:

- Salary and benefit increases to attract and retain diverse and talented staff
- Additional FTEs to meet student needs, address learning loss, fulfill Standards of Quality mandates, meet state/federal mandates, and serve at-risk students
- Planning and programming to prepare for the opening of Rocktown High School
- Programs that support social and emotional well-being of students and staff
- Technology replacement and devices to support student and teacher needs
- Investment in community outreach, family engagement, and equity
- Adjust to inflationary costs for goods and services including student transportation, utilities, school supply allocations, insurance, etc.

Budget Cycle

The Budget Process

The budget process exists to meet state code requirements; provide a means to align School Board vision, strategic plans, and allocation of resources; and represent HCPS's fiduciary responsibility as good stewards of public funds. Virginia State Code 22.1-92 requires school divisions to estimate moneys needed for public schools as well as public notice of costs to be distributed. Virginia State Code 22.1-91 sets limitation on expenditures equal to or less than funds available for school purposes within a fiscal year.

Budget planning is a year-round activity beginning with preparing, deliberating, and adopting; then evolving to reporting, monitoring, and adjusting the financial plan. Virginia code requires the School Board to prepare and submit to the governing body, Harrisonburg City Council, an estimate of the amount of money needed during the ensuing fiscal year. By June 1 of each year, the governing body must prepare and approve a budget for informative and fiscal planning purposes. The budget contains a complete itemized and classified plan of expected expenditures and all estimated revenues and borrowings for the locality for the ensuing year. The budget must be approved and a tax rate fixed no later than the date on which the fiscal year begins. The approved budget is available on the locality's website or by hard copy for the public.

Superintendent's Proposed Budget

The annual budget process begins in the fall of the preceding year. The budget calendar is developed including formulation, presentation, work sessions, public hearings, and adoption dates. The superintendent, with assistance from staff, prepares a preliminary needs-based budget. Many factors influence the proposed budget and include but are not limited to: economic conditions, enrollment growth, staffing needs based on program enrollment, instructional and operational goals, technology replacement schedules, public input, and other initiatives that support HCPS' strategic plan, mission and goals.

The Superintendent's Proposed Budget is presented to the School Board in March and Harrisonburg City Council in April. It is supported by state revenue estimates in the biennial budget or as proposed by the Governor of Virginia as well as amendments by the General Assembly. The proposed budget takes into account recommended funding levels provided by the Harrisonburg City Council. All other sources of revenue (federal and other) are based on historical trends and current available information.

Staffing needs are projected by the central office with input from each fund manager (principals and supervisors) and are based on projected student enrollments, pupil/teacher ratios as defined in the Standards of Quality, K-3 Class Size Reduction standards, School Board objectives, state/federal mandates, instructional initiatives, and support services for the division. The expenditure component of the Superintendent's Proposed Budget includes division-wide staffing, contracted services, materials, supplies, replacement equipment, utilities, and other operational expenses. Staffing costs are based on position averages of current staff actual salaries and benefits.

School Board’s Advertised Budget

The School Board meets with the superintendent and leadership staff during work sessions in March. Based on these work sessions, the School Board determines if modifications are needed to the Superintendent’s Proposed Budget for advertisement. As required by Virginia law and in accordance with HCPS School Board Policy, a public hearing is conducted to obtain comments and recommendations from the public prior to April 1. The school board shall cause public notice to be given at least 10 days prior to any hearing.

Approved Budget

The Harrisonburg City Council will hold budget work sessions and public hearings by the end of May prior to appropriating funds for the school division. In Virginia, the governing body may appropriate funds by fund total or by state determined categories. In Harrisonburg, the school division budget is approved by categorical funding. The School Board then amends its budget based on appropriated categorical funding levels. Funding levels are then allocated to schools and departments. An approved School Board budget document for the fiscal year is then prepared, published, and shared with fund managers.

Budget Implementation

Once the budget is adopted by the Harrisonburg City Council, it becomes the basis for programs of each school and department during the fiscal year that begins on July 1. Fiscal accountability is by fund code. Fund managers may not expend or encumber more than the approved and appropriated budget amounts without approval of the Chief Financial Officer or Superintendent. Financial monitoring of department and school activities occurs throughout the year to ensure compliance. Adjustments to categorical funding levels require approval of the School Board and City Council.

Budget Timeline

November 2022	HCPS fund managers (principals and supervisors) receive budget preparation information. Fund managers prepare an expenditure budget based on input from staff, parents, advisory committees, ongoing expenditures, and actual program needs.
December 2022	HCPS fund managers submit expenditure budgets via on-line budget portal
December 2022	Release of Governor's proposed state revenues for K-12 public education
December through early January 2023	Meetings with fund managers (principals and directors) to review expenditure budgets. HCPS personnel requests are reviewed and program needs are considered.
January through February 2023	Superintendent and cabinet develops budget proposal based on division goals, required mandates, identified expenditures, and revenue forecasts
February 2023	General Assembly amendments to the State adopted budget
March 2023	Advertise public hearing for budget presentation
March 21, 2023	First draft of HCPS budget presented to school board and public hearing and HCPS budget work session
March 28, 2023	HCPS budget work session (if necessary)
April 4, 2023	HCPS school board meeting and adoption of FY2024 HCPS budget
April 2023	Presentation of FY2024 HCPS budget to city council
April through May 2023	City's public hearing and first reading of the budget
May 2023	City has additional work sessions (if necessary)
May 2023	City's second reading (adoption) of the FY2024 budget
June 6, 2023	Budget discussion and adoption of any budget adjustments with school board

School Nutrition Budget

The school nutrition fund provides for all operating and administrative costs associated with school food services. The school nutrition fund is supported primarily by food sales and subsidies, both federal and state, for the school lunch and breakfast programs. There are no local city appropriations used to support the school nutrition fund and the fund balance can be carried over each year. The three major sources of revenue for the School Nutrition Fund are food sales to students and staff, state subsidies, and federal aid. All school nutrition expenditures are coded to the School Nutrition Fund (1114) and Food Service state category (function 65) or Technology (function 68).

School Nutrition Revenue

State revenue for the food service program is provided by categorical and lottery-funded programs. State revenues are received to meet maintenance of effort and match requirements for federal funds received for lunch and breakfast programs. For FY 2024, the rate of reimbursement is determined by the number of reimbursable lunches and breakfasts served during the previous year. Projected state revenues for FY 2024 are \$185,000 or 3.08 percent of food service revenues.

Federal aid is based on cash reimbursements and USDA commodities. Cash reimbursements are based on the number of meals served to students. For FY 2024, all schools will be eligible for the Community Eligibility Provision or “CEP”. Through this provision, all students receive free breakfast and lunch. Free and reduced applications are not required and students are not charged for meals. In order to participate, schools or a block of schools must have a high enough percentage of students who qualified for free lunch via a direct certification method (SNAP, TANF, homeless, migrant, Head Start, etc.) in the prior school year for the claim rate to cover expenses incurred to serve meals at these locations. This fund anticipates \$5,235,000 or 87.26 percent in federal revenue for meal reimbursements.

Meal receipts for food sales, rebates, and earned interest are projected to be \$141,000 or 2.35 percent of the revenue for FY 2024.

Fund Balance - Fund balance, less the commitments for contractual agreements, is assigned for school nutrition capital expenses. The school nutrition unreserved fund balance was \$4,475,310.52 as of January 31, 2023. Anticipated use of \$438,426 or 7.31 percent in fund balance revenue in FY 2024 to balance school nutrition budget.

School Nutrition Revenue Sources	FY 2023 Approved	FY 2024 Adopted
State	\$155,000.00	\$185,000.00
Federal	\$4,746,692.00	\$5,235,000.00
Meal Receipts and Rebates	\$76,000.00	\$141,000.00
Fund Balance	-	\$438,426.00
Total	\$4,977,692.00	\$5,999,426.00

School Nutrition Expenditures

Salaries and Wages – \$1.54 Million –For FY 2024, regular, part-time, overtime, and substitute salaries and wages accounts total \$1,543,033. Sixty-Four (64) full-time equivalent (FTE) employees receive salaries from the School Nutrition Services Fund. The FY2024 budget includes an average of 5.25% salary increase for school nutrition staff.

Employee Benefits – \$0.79 Million–Benefits for school nutrition employees total \$788,792 of the School Nutrition Services Fund expenditure budget.

Food Supplies – \$2.40 Million–Food supply costs are projected to be \$2,400,000 of school nutrition services expenditure budget.

All Other Expenditures – \$1.27 Million–All other expenditures including purchased services (\$150,000), technology (\$30,000), travel (\$4,000), memberships, (\$2,000), copier lease (\$1,600), capital equipment (\$380,000), and supplies/materials (\$500,000), utilities (\$200,000) equate to \$1,267,600 of the food service expenditure budget. Technology funds are charged annually by our point of service provider to upgrade, service, and maintain our cafeteria computer systems and free/reduced meal application processing program.

School Nutrition Expenditures

School Operating Budget Assumptions

Revenues:

1. Harrisonburg City Public Schools' budget is based on a projected K-12 average daily membership (ADM) of 6,400 for FY 2024 which is a 2.2% increase over FY 2023. ADM is used for projecting state revenues and the figures do not include special education students enrolled in the Shenandoah Valley Regional Program or Pre-K students.
2. State revenues are based on the biennial budget 2022-2024 for the Commonwealth with enrollment adjustments for ADM, VPI, and ESL provided by the Virginia Department of Education. State revenues are estimated to increase by \$3,108,497 or 5.27%. Amendments by the general assembly and approved by the governor may occur later this year and may result in an amended budget.
3. Federal revenues are estimates based on current funding, carryover funding, and anticipated projections. It will be several months before actual numbers are available from the state. Federal estimates are expected to decline by \$269,243 or 2.74%.
4. HCPS anticipates an increase of \$5,022,609 or 13.42% in the local transfer request from the City of Harrisonburg in FY2024 in order to balance the budget.

Expenditures:

1. Expenditures may not exceed revenues. Should anticipated revenues be reduced, a corresponding decrease in expenditures will occur. Should revenues increase, a corresponding increase in expenditures will occur.
2. The number of new positions included in the budget is determined by the Board based on administrative recommendation and public input. For FY2024, a net increase of 22.5 FTE positions are included in the budget.
3. The budget includes a 5% salary increase for staff.
4. For salary increases, additional contributions are required for payroll taxes (FICA), Virginia Retirement System (VRS), Group Life Insurance (GLI), and Retiree Health Care Credit (RHCC).
5. The budget includes a 12% increase in employee health insurance premiums.
6. The budget includes adjustments for inflation and continued investments in school supply allocations, transportation costs, MTC allocation, maintenance costs, capital expenditures, technology equipment, utility costs, operating costs, and family outreach.
7. Planning and operational costs for the opening of Rocktown High School are included in this budget. This includes planning staff as well as costs necessary to order supplies, materials, and equipment.

School Operating Budget

The School Operating Fund is utilized by the school division to account for revenues and expenditures necessary for the day-to-day operations of the school division. Revenues are received from state, federal, local recovered costs, and city transfer sources. Expenditures are tracked by state category (object codes and fund codes).

School Operating Fund Revenues by Source

In FY 2024, all sources of the School Operating Fund revenues are anticipated to be \$114,369,093 which is an increase of \$7,771,863 or 7.29 percent compared to the FY 2023 approved budget.

State revenue (including sales tax) estimates total \$62,054,181, an increase of \$3,108,497 or 5.26 percent. The increase is due to increased state funding for Standards of Quality, incentive, lottery, and categorical funded programs. State revenues account for 54.26 percent of total operating fund revenues.

Federal revenue estimates for FY 2024 total \$9,568,588 or 8.36 percent of the total operating budget. Anticipated federal revenues are expected to decrease by \$269,243 or 2.74 percent. Three million dollars (\$3,000,000) of Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) for Elementary and Secondary School Emergency Relief (ESSER) III will be used to supplant local funds and will be returned to the city for construction of Rocktown High School. ESSER funds used to pay employee bonuses in FY 2023 will not be received in FY 2024.

Local tuition, fees, and recovered cost revenue estimates for FY 2024 are expected to increase by 26.42 percent or \$100,000 for Category 2 eRate reimbursement for technology device costs. Local recovered costs total \$478,542. Tuition, fees, and other local sources of revenue account for .42 percent of total Operating Fund revenues.

The FY 2024 **City General Fund Transfer appropriation** for operations needed to balance the budget totals \$42,267,782, which is an increase by \$4,832,609 or 12.91 percent compared to FY 2023. The city transfer requested amount is 36.96 percent of total School Operating Fund revenues.

School Operating Budget – State Revenue Narratives

State aid is estimated to increase by \$3,108,497 for a total of \$62,054,181 or 54.26 percent of total revenues for FY 2024. This is a 5.27 percent increase in state aid funding compared to FY 2023.

SOQ Programs Funding

The Standards of Quality (SOQ) are explained in Section 2 of the Code of Virginia. This section placed responsibility for the establishment of minimum standards to maintain a quality education program with the Board of Education. The standards are subject to revision by the General Assembly. As provided for in the Virginia Constitution, the General Assembly has the responsibility in determining how state funds are distributed to school divisions to support the cost of maintaining an education program that meets the SOQ. For FY 2024, HCPS is projected to receive approximately \$43,476,454 from the state for SOQ programs.

The General Assembly apportions the cost of funding the SOQ between the state and local governments on a per-pupil cost. The Local Composite Index (LCI) is a formula used to equalize the financial support between the state and local governments. The LCI mathematically combines three separate measures (true values of real estate and public service corporations, adjusted gross income, and taxable retail sales) of local fiscal capacity into an index to measure a locality's ability to pay for education. These three measures are then divided by the average daily membership of the school division and the locality's population. This index weighs a locality's ability to pay relative to other localities in the state. The LCI is recalculated every two years for the state's biennium budget. For FY 2024 the LCI for Harrisonburg City Public Schools will remain at .3459 as we are in the second year of the 2022-2024 state biennial budget. The state will fund 65.41 percent, while Harrisonburg is required to support 34.59 percent of the cost of the minimum educational program set by the SOQ.

Basic Aid – Standard of Quality (SOQ) funding for school operating and instructional costs. Virginia's share of funding the education of children in Harrisonburg is based upon an average daily membership of 6,400 students. The basic aid revenue estimate for FY 2024 is \$23,833,398.

Sales Tax - Of the total Virginia sales tax revenue received, one and one-eighth percent is dedicated and sent to Virginia school districts to assist with funding SOQ for K-12 education. The amount of sales tax revenue sent to school districts is equalized by a formula that takes the school division's school age population (based on estimates provided by the Weldon Cooper Center for Public Service at the University of Virginia) divided by the total state school age population multiplied by total state sales tax estimate. The revenue estimate for Harrisonburg City Public Schools for FY 2024 is \$7,863,827.

Benefits – SOQ costs for instructional retirement (VRS), Social Security, and group life insurance are allocated to school divisions based on a per pupil amount and enrollment and is then distributed in accordance with the locality's composite index. The revenue estimated for Harrisonburg City Public Schools is \$4,667,658 for FY 2024.

Special Education – The state established SOQ to ensure the quality of special education classroom programs. Standards require the endorsement of special education teachers, class enrollment at or below specified levels, teacher assistants in certain classes, regulation of the type of classes offered, and development and retention of an Individualized Education Plan (IEP) for each identified student. Each special education student is counted in his/her respective school, and up to three disabilities per student may be recognized for calculating instructional positions funding. The revenue estimate for FY 2024 for HCPS is \$2,088,934.

Career and Technical Education – SOQ career and technical education state funds serve students in grades six through twelve. The revenue estimate for HCPS for FY 2024 is \$385,948.

Remedial Education – SOQ remediation funding provides remedial services to children who need additional instruction. Funding is disbursed to local school divisions to support the state share of additional professional instructional positions ranging from a pupil/teacher ratio of 10:1 to 18:1 based on the division-level failure rate on the SOL English and math tests for all students at risk of educational failure (the three-year average free lunch eligibility data is used as a proxy for at-risk students). The revenue estimate for HCPS for FY 2024 is \$1,452,625.

Gifted Education – SOQ gifted education funding provides for one instructional position per 1,000 students. The distribution of gifted education funding is equalized among school divisions by the state. The FY 2024 estimated HCPS revenue is \$234,429.

Remedial Summer School – Remedial summer school programs provide additional education opportunities for academically at-risk students. These funds are available for the operation of summer programs designed to remediate students between school years. The FY 2024 estimated HCPS revenue is \$226,141.

Textbooks – These funds are available for the purchase of school textbooks and related materials. The FY 2024 estimated revenue for HCPS is \$554,174.

English as a Second Language (ESL) – State funding is provided to support local school divisions the necessary educational services to children not having English as their primary language. The funding supports the salary and benefits costs of instructional positions at a standard of 18.5 positions per 1,000 ESL students. The FY 2024 revenue estimate for HCPS is \$2,169,320.

Incentive Programs Funding

Incentive-based payments from the state are intended to target resources for specific students or for school division needs. Each school division must certify that it meets the requirements to receive this type of funding from the state. In order to receive applicable funds, each division must agree to provide a local match based on the Local Composite Index (LCI). State aid for incentive programs for HCPS is estimated to be \$11,563,176 for FY 2024.

Salary Supplement – The state biennial budget includes a 5% salary supplement for SOQ positions in his Adopted budget. This amounts to \$3,396,461 in FY 2024.

Benchmarking Hold Harmless –Provides funding as a separate account to restore funding for certain re-benchmarking data inputs (i.e., support non-personal costs, pupil transportation, and special education child counts) significantly impacted by the pandemic, causing funding to decrease. HCPS anticipates receiving \$1,898,104 in benchmarking hold harmless funds in FY 2024.

Educational Technology – The Virginia Public School Authority (VPSA) technology program provides grant funding for school divisions to purchase additional technology to support the SOL Technology Initiative. Schools reporting September 30th membership are eligible for \$26,000 per school site plus \$50,000 per school division in technology funding. For FY 2024, HCPS estimated revenue is \$284,000.

At-Risk Education – State payments for at-risk students are disbursed to school divisions based on the estimated number of federal free lunch participants in each division to support programs for students

who are educationally at risk. Funding is provided as a percentage add-on to Basic Aid to support the additional costs of educating at-risk students. For FY 2024, HCPS estimated revenue is \$3,057,519.

Medicaid – State funding for providing day-treatment therapy services to students in Harrisonburg City Public Schools. Estimated revenue for FY 2024 is \$200,000.

Virginia Preschool Initiative – State incentive funding is provided for a quality preschool program for students. Funding is based upon the number of preschool students being served. It is anticipated that HCPS will serve 286 students. The state program funding estimate for HCPS in FY 2024 totals \$1,580,143.

Grocery Tax Hold Harmless –Provides funding as a separate account to restore funding for changes to state grocery tax . HCPS anticipates receiving \$1,146,949 in grocery tax hold harmless funds in FY 2024.

Categorical Programs Funding

Categorical programs focus on particular needs of special student populations or fulfill particular state obligations. State or federal law or regulation typically requires these programs. For FY 2024, HCPS is projected to receive approximately \$17,415 from the state for categorical programs.

Special Education – Jails – Local school divisions are reimbursed for the instructional costs of providing required special education and related services to individuals with disabilities in regional or local jails. For FY 2024, the estimated HCPS revenue is \$12,669.

Special Education – Homebound – Homebound funding provides for the continuation of educational services for students who are temporarily confined to their homes for medical reasons. State funds reimburse school divisions for a portion of the hourly rate paid to teachers employed to provide homebound instruction to eligible children. For FY 2024, the estimated HCPS revenue is \$4,746.

Lottery-Funded Programs

Lottery-funded programs are incentive-based and categorical programs intended to target resources for specific students or school division needs. In recent years, the State’s Lottery Proceeds Fund has been providing resources for programs that were once paid from the state general fund and categorized under incentive, categorical, and SOQ program funds for school divisions. Prior to this change, lottery funds were used to assist with debt service. For FY 2024, HCPS is projected to receive approximately \$6,997,136 for lottery-funded programs.

Regional Programs – Regional tuition reimbursement funding provides for HCPS students with low-incidence disabilities who are served more appropriately and less expensively at Shenandoah Valley Regional Educational Program. All reimbursement is in lieu of the per-pupil basic operation cost and other state aid otherwise available. HCPS is expected to serve 25 students in FY 2024 with a revenue estimate of \$716,227.

K-3 Primary Class Size Reduction – State funding is disbursed to school divisions as an incentive payment for reducing class sizes to below the required SOQ standard of a 24:1 pupil/teacher ratio in kindergarten through third grade. Payments are figured on the incremental cost of providing the lower class sizes, based on the lower of either statewide average per-pupil cost of all divisions or actual division per-pupil cost. Schools eligible for funding are those with free lunch eligibility percentages of 30 percent and greater. The required ratios range from 23:1 and may go as low as 14:1 based on the free lunch eligibility rate of the qualifying school. Funding for school divisions is equalized and requires a local share based on the local composite index. HCPS qualifies for \$1,804,097 in funding for FY 2024 for all six HCPS elementary schools.

Early Reading Intervention – The Early Reading Intervention program is designed to reduce the number of students needing remedial reading services. Program funds are used by local school divisions for special reading teachers, trained aides, volunteer tutors under the supervision of a certified teacher, computer-based reading tutorial programs, aides to instruct in class groups while the teacher provides direct instruction to the students who need extra assistance, or extended instructional time in the school day or year for these students. Funding for school divisions is equalized and requires a local share based on the local composite index. For FY 2024, state estimated revenue for HCPS is \$838,058.

At-Risk Education – State payments for at-risk students are disbursed to school divisions based on the estimated number of federal free lunch participants in each division to support programs for students who are educationally at risk. Funding is provided as a percentage add-on to Basic Aid to support the additional costs of educating at-risk students. Funding for school divisions is equalized and requires a local share based on the local composite index. Split funding with incentive programs for FY 2024, state estimated revenue for HCPS is \$1,710,959.

SOL Algebra Readiness – Funding is based on the estimated number of students who are at risk of failing the Algebra I end-of-course test. This number is approximated based on the free lunch eligibility percentage for the school division. Funding for school divisions is equalized and requires a local share based on the local composite index. For FY 2024, state estimated revenue for HCPS is \$154,040.

Mentor Teacher Program – State funds are available to school divisions for experienced teachers to mentor new teachers in the classroom. Estimated revenue for HCPS is \$6,193.

ISAEP – An Individual Student Alternative Education Plan (ISAEP) may be developed when a student demonstrates substantial need for an alternative program, meets enrollment criteria, and demonstrates an ability to benefit from the program. The need is determined by a student’s risk of dropping out of school. Programs must comply with the provisions of Code of Virginia §22.1-254D. Funding is based on submitted reimbursement requests, up to the approved allocation for the year. HCPS’ estimated revenue is \$8,233 in FY 2024.

Career and Technical Education – Career and technical categorical funds include reimbursement for equipment, travel, and extended contracts for career and technical teachers. HCPS’ estimated revenue is \$21,813 in FY 2024.

Project Graduation – State lottery funding is provided for remediation efforts for high school students to earn verified credits. The funding estimate for HCPS in FY 2024 totals \$7,608.

Foster Care – State lottery funding is provided to educate students in foster care. It is anticipated that HCPS will receive \$21,812 in FY 2024.

Infrastructure and Operations Per Pupil Allocation – State lottery funding for infrastructure and operations replaces supplemental per-pupil allocation. Funding is based upon the average daily membership of students being served. It is anticipated that HCPS will receive \$1,708,096 in FY 2024.

School Operating Budget – Federal Revenue Narratives

Federal aid for the School Operating Fund is projected to be \$9,568,588 or 8.36% for HCPS in FY 2024. HCPS receives federal aid for requirements as identified in the Elementary and Secondary Education Act (ESEA), special education school programs under the Individuals with Disabilities Education Act (IDEA), and other federal programs. Federal aid is also received for the school breakfast and lunch program. Those funds are accounted for separately in the School Nutrition Services Fund (1114).

CRRSA – ESSER II Funds – The Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) for Elementary and Secondary School Emergency Relief (ESSER) II fund is used for mitigation and school reopening costs associated with the COVID-19 pandemic. HCPS anticipates no revenue for ESSER II in FY 2024.

ARPA - ESSER III Funds - The American Rescue Plan Act (ARPA) and ESSER III funds are used for mitigation efforts and to address learning loss associated with the COVID-19 pandemic. The revenue estimate for HCPS in FY 2024 is \$5,906,927.

Title I, Part A – Improving Basic Programs – The purpose of this federal grant program is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach proficiency on challenging state academic achievement standards and assessments. Funds are used to provide intervention and remedial services to educationally disadvantaged children in selected elementary grades. Services are provided at schools with high concentrations of children from low-income families as determined by free and/or reduced-price lunch populations. Reimbursement requests are submitted on a monthly basis. The revenue estimate for HCPS in FY 2024 is \$1,441,981.

Title II, Part A – Improving Teacher Quality – This grant provides funds to increase student academic achievement through strategies that improve teacher quality and to increase the number of highly qualified teachers. Funds are used for continuous teacher training and licensing. For FY 2024, the revenue estimate for HCPS is \$227,020.

Title III, Part A – Limited English Proficiency – These federal funds are to assist identified children attain English proficiency, develop high levels of academic achievement in English, and meet the same challenging state student academic achievement standards that English proficient students are expected to meet. The revenue estimate for HCPS in FY 2024 is \$237,630.

Title III, Immigrant and Youth Grant - This grant provides federal funding for immigrant students that enroll in public education. The revenue estimate for HCPS in FY 2024 is \$39,283.

Title IV – This federal grant supports safe and healthy students with comprehensive school mental health, drug and violence prevention, training on trauma-informed practices, and health and physical education. In addition, it supports the effective use of technology that is backed by professional development, blended learning and educational technology devices. The FY 2024 revenue estimate for HCPS is \$129,846.

Individuals with Disabilities Education (IDEA) Act Funding

The Individuals with Disabilities Education Act provides federal aid to ensure that all school-age children with disabilities are provided a free, appropriate public education. Federal funds are used only for the excess cost of educating students with disabilities. No locality may spend less on a student with

disability's education than it does for a regular education student. Funding is also included for preschool-aged children with disabilities under part 619 of the Act. IDEA funding for part 611 is projected to be \$1,346,764. IDEA funding for part 619–preschool is projected to be \$31,400 for HCPS in FY 2024.

Carl D. Perkins Career and Technical Education Act – Federal entitlement funds are provided for local projects to extend and improve academic and occupational skills and competencies required to work in a technologically advanced society. The FY 2024 revenue estimate for HCPS is \$113,909.

JROTC – Federal funds are received for providing a Junior Reserve Officer Training Corp (JROTC) program in schools. For FY 2023, revenue estimates total \$93,828.

School Operating Budget – Local (Other) Revenue

Local revenue is estimated to increase by \$100,000 for a total of \$478,542 or .42% of total revenues for FY 2024. This is an increase of 26.42 percent in funding compared to FY 2023.

Behind the Wheel Student Fees – Fees collected from students who participate in the behind the wheel component of driver’s education program. Anticipated revenue in HCPS for FY 2024 is \$7,500.

Athletics Payroll Receipts – Revenues collected from athletic gate receipts to pay game workers at HCPS athletic events. For FY 2024, anticipated revenue in HCPS is \$31,042.

Harrisonburg Education Foundation (HEF) Scholarships - Payments made to HCPS for teacher grants and student scholarships. HCPS anticipates revenues in FY 2024 for \$30,000.

Rents – Revenue received for renting out school facilities to local organizations. Anticipated revenue in HCPS for FY 2024 is \$30,000.

Recruitment Fair Receipts – Revenue received from surrounding school divisions for participating in the annual regional teacher recruitment fair hosted by HCPS. HCPS anticipates revenues in FY 2024 for \$7,000.

Other Rebates, Reimbursements, Recoveries, and E-Rate – Funds are received from a variety of sources throughout the year such as reimbursements for procured items, rebates on purchases made, local recovered costs, and e-rate funding for technology. E-rate Category 2 reimbursements are expected to increase by \$100,000 in FY 2024. As such, HCPS anticipates receiving \$373,000 in FY 2024.

City Transfer of Funds (Local Appropriation)

The primary revenue sources for Harrisonburg, Virginia, are real property, personal property, and local sales tax dollars. The Harrisonburg City Council appropriates a transfer of revenues to Harrisonburg City Public Schools (HCPS) to finance the School Operating Fund. In order to balance the budget for FY 2024, a transfer from the city's general fund for the HCPS operating fund will need to increase by \$4,832,609 or 12.91 percent. The city transfer would total \$42,267,782 or 36.96 percent of all revenues received to finance the School Operating Fund.

<i>City Appropriation</i>	Appropriated FY 2023	FY 2024
Amount appropriated from City	\$37,435,173	\$42,267,782

Staffing Assignments Summary by Location

Staffing Assignments

Harrisonburg City Public Schools employed 1,057 full-time equivalent (FTE) contracted employees with PreK-12 enrollment of 6,656 students. It is anticipated that PreK-12 enrollment will increase by 133 students or about 2.2% for a total of 6,803 PreK-12 enrolled students in FY2023. It is expected that budgeted staff will increase by 22.50 FTE for a total of 1,079.50 FTE for FY2024.

Expenditure Summary by Function (State Category)

According to the Code of Virginia, the State Board, in conjunction with the Auditor of Public Accounts, shall establish and require each school division a modern system of accounting for all school funds, state and local. Major classifications for expenditures of school funds include: (61000) instruction, (62000) Administration, Attendance and Health, (63000) Pupil Transportation, (64000) Operation, (66000) Facilities & Improvement, (67000) Debt Services, and (68000) Technology.

61000 Instruction

Instruction includes the activities that deal directly with the interaction between principals, teachers, aides, or classroom assistants and students. Instruction may be provided for students in a school classroom, in another location such as home or hospital, or in other learning situations such as those involving co-curricular activities. It is anticipated that HCPS will expend \$84,873,117 or 74.21% of the operating budget in FY 2024 for instruction.

62000 Administration, Attendance and Health

Activities concerned with establishing and administering policy for the school division including student attendance and health. Activities include board services, executive administration, information, personnel, planning, fiscal, purchasing, reprographics, attendance, health, speech/audiology, and psychological services. For FY 2024, it is anticipated that \$6,388,676 or 5.58% will be expended from the operating budget for administration, attendance, and health.

63000 Pupil Transportation

Activities concerned with transporting students to and from school, as provided by state and federal law. This includes trips between home and school as well as trips to and from school activities. It is anticipated that HCPS will expend \$5,938,229 or 5.19% of the operating budget in FY 2024 for pupil transportation.

64000 Operations and Maintenance

Activities concerned with keeping the physical buildings open, comfortable, and safe for use as well as keeping the grounds and equipment in effective working condition. This includes the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools. For FY 2024, it is anticipated that \$7,854,311 or 6.87% will be expended from the operating budget for operations and maintenance.

66000 Facilities and Improvements

Activities concerned with facility improvement including building and construction. For FY 2024, it is anticipated that \$3,000,000 or 2.62% will be expended from the operating budget as a local return to the City to supplement construction of Rocktown High School.

67000 Debt Services (Leases)

It is anticipated that HCPS will expend \$234,679 or 0.21% of the operating budget in FY 2024 for leases under debt services.

68000 Technology

All technology related expenditures are reported under this function including any services involving the use of technology for classroom instruction, instructional support, administration, attendance/health, pupil transportation, operation/maintenance, food service, facilities, or any other use. It is anticipated that HCPS will spend \$6,080,081 or 5.32% of the operating budget in FY 2024 on technology related expenditures.

Expenditure Summary by Object Code (Expenditure Type)

Another way of looking at expenditures is by object code or expenditure type. Expenditure by object code identifies the type of expenditure to include (1000) Personnel Services, (2000) Employee Benefits, (3000) Purchased Services, (5000) Other Charges, (6000) Materials/Supplies, (7000) Payment to Joint Operations, (8000) Capital Outlay, (9000) Debt Service, and Other Use of Funds.

1000 Personnel Services (Salary/Wages)

Personnel services include all compensation for the direct labor of persons in the employment of the local government. Salaries and wages paid to employees for full and part-time work. It is anticipated that HCPS will expend \$63,390,844 or 55.43% of the operating budget in FY 2024 for personnel services.

2000 Employee Benefits

Employee benefits include job related benefits provided to employees as part of their total compensation. Fringe benefits include the employer's portion of FICA, pensions (VRS), insurance (life, health, disability, etc.), and employee allowances. For FY 2024, it is anticipated that \$26,657,430 or 23.31% will be expended from the operating budget for employee benefits.

3000 Purchased Services

Purchased services includes payments for services, not including capitalized expenditures, acquired from outside sources such as private vendors, public authorities, or other government entities. It is anticipated that HCPS will expend \$9,185,319 or 8.03% of the operating budget in FY 2024 for purchased services.

5000 Other Charges

Other charges include expenditures that support the use of programs to include telecommunications, utilities, communications, non-capitalized hardware, and non-capitalized technology infrastructure. For FY 2024, it is anticipated that \$3,422,131 or 2.99% will be expended from the operating budget for other charges.

6000 Materials/Supplies

Materials and supplies include articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized. This includes any equipment purchased under \$5,000. It is anticipated that HCPS will expend \$5,097,357 or 4.46% of the operating budget in FY 2024 for materials and supplies.

7000 Payment to Joint Operations

Payments to joint operations include tuition payments to the fiscal agent for operations that are jointly operated by two or more local governments. This includes payments to Shenandoah Valley Regional Program, Massanutten Technical Center, Massanutten Regional Governor's School, etc. For FY 2024, it is anticipated that \$2,006,813 or 1.75% will be expended from the operating budget for payments to joint operations.

8000 Capital Outlay

Capital outlay includes expenditures that result in the acquisition of or the addition to fixed assets including both replacement and/or additions. Capital outlay does not include the purchase of equipment costing less than \$5,000 except for the federal CTE Perkins grant. It is anticipated that HCPS will expend \$4,374,520 or 3.82% of the operating budget in FY 2024 for capital outlay.

9000 Principal and Interest (leases)

It is anticipated that HCPS will expend \$234,679 or 0.21% of the operating budget in FY 2024 for principal and Interest on leases for debt service.

Expenditure Summary by Fund (Program)

The operating budget consists of 78 funds overseen by 28 fund managers. Fund managers are responsible for establishing a budget and managing expenditures within the programs that they manage. Fund managers include school principals and supervisors. Appendix B provides a summary report by fund for FY 2024.

Appendix A
