Dear Parents/Community Members:

As you may be aware, the School Board has initiated its search for a new superintendent. To assist us in this important process, we have retained the services of BWP & Associates, a search firm which specializes in assisting boards that are seeking superintendents.

A very important step in this process is to identify the characteristics we will be looking for in our new superintendent. We are requesting your assistance in this important step and invite you to participate in community forums with the consultants from BWP & Associates.
